

## GENERAL PROCUREMENT NOTICE

**Project Name:** Energy efficiency improvements in public buildings in the city of Chernivtsi

**Country:** Ukraine

**Sector:** Energy Efficiency improvement of buildings

**Funding sources:** Nordic Environment Finance Corporation (NEFCO), Chernivtsi City, Eastern Europe Energy Efficiency and Environment Partnership (E5P) Fund

**Procurement:** Works, Goods and Services

**Notice type:** General Procurement Notice

**Issue date:** 2 March 2017

**Closing date:** 1 March 2018 at 23:59 Kyiv time

The Executive committee of Chernivtsi city council is going to announce competitive tendering for contracts for works, goods and services defined by the Project “Energy efficiency improvements in public buildings in the city of Chernivtsi”.

The Executive committee of Chernivtsi city council through the city’s Construction and Land Relations Department intends to use the funds from a loan provided by Nordic Environment Finance Corporation (NEFCO), funding from the city of Chernivtsi and grant funds from Eastern Europe Energy Efficiency and Environment Partnership (E5P) Fund for the works, goods and services as listed below. Tendering for the contracts is expected to begin during the second quarter of 2017.

The Project is being implemented based on the decision №198 of the Chernivtsi city council dated 17 May 2016 “On attracting the loan facility from NEFCO for financing the Project “Energy efficiency improvements in public buildings in the city of Chernivtsi”. Within the framework of the Project, contracts in the total amount of about 263.58 million UAH (about 9 million Euro) are expected to be awarded during 2017 and 2018 in the following areas:

- thermal modernization of public buildings;
- partial replacement of windows and entrance doors;
- partial replacement of cooking stoves;
- partial replacement of incandescent light bulbs for the LED bulbs;
- reconstruction of heating systems;
- balancing of heating system;
- installation of individual heating substations with climate and daily temperature conditions control;
- installation of local ventilation systems with heat recovery.

Financing of Technical assistance for project implementation is provided by Swedish International Development Cooperation Agency (Sida).
