The Department of Capital Construction of the Executive committee of Ivano-Frankivsk city council is going to announce competitive tendering for contracts for works, goods and services defined by the Project “Energy efficiency improvements in public buildings in the city of Ivano-Frankivsk”. Tendering for the contracts is expected to begin during the first quarter of 2017.

The Department of Capital Construction of the Executive committee of Ivano-Frankivsk city council intends to use the funds from a loan provided by Nordic Environment Finance Corporation (NEFCO), funding from the city of Ivano-Frankivsk and grant funds from Eastern Europe Energy Efficiency and Environment Partnership (E5P) for the works, goods and services as listed below.

The Project is being implemented based on the decision №39-2 of the Ivano-Frankivsk city council dated 22 December 2015 “On attracting the loan facility from NEFCO for financing the Project “Energy efficiency improvements in public buildings in the city of Ivano-Frankivsk”. Within the framework of the Project contracts in the total amount of about 41.96 million UAH (1.55 million Euro) are expected to be awarded during 2017 within the following areas:

- thermal modernization of public buildings;
- partial replacement of windows and entrance doors;
- partial replacement of cooking stoves;
- partial replacement of incandescent light bulbs with LED bulbs;
- reconstruction of heating systems;
- balancing of heating systems;
- installation of individual heating substations with automated control;
- installation of local ventilation systems with heat recovery.
