

Project name: "Energy Efficiency in Public Buildings in Lutsk City"

Country: Ukraine

Sector: Energy Efficiency

Funding sources: NEFCO, E5P, Lutsk City

Procurement: Works, goods and services

Notice type: General Procurement Notice

Issue date: 3 August 2018

Closing date: 14 June 2019 at 23:59 Kyiv time

The City of Lutsk represented by the Capital Construction Department of the Executive Committee of the Lutsk City Council is planning to announce competitive tendering for the works, goods and services defined by the Project "Energy Efficiency in Public Buildings in Lutsk City". Tendering for the contracts are planned to begin in the fourth quarter of 2018.

The City intends to use the funds from a loan provided by Nordic Environment Finance Corporation (NEFCO), funding from the city of Lutsk and grant funds from Eastern Europe Energy Efficiency and Environment Partnership (E5P)* for the works, goods and services as listed below.

The Projects is being implemented based on the decision No. 34/2 of the Lutsk City Council dated 29 November 2017 "On attracting a loan and grant from NEFCO for financing the Project "Energy Efficiency in Public Buildings in Lutsk City ".

Within the framework of the project "Energy Efficiency in Public Buildings in Lutsk City", in 2018-2019 contractors will be selected for implementation of contracts in a total amount of about 7.3 million Euro in the following areas:

- thermal modernization of public buildings;
- partial replacement of windows and entrance doors;
- partial replacement of cooking stoves;
- indoor lightning;

- reconstruction of heating systems;
- partial replacement of network pipes;
- installation of individual heating substations with automated control and pipe insulation;
- improvement of ventilation systems.

*The Eastern Europe Energy Efficiency and Environment Partnership (E5P) is a €200 million multi-donor fund managed by the EBRD and designed to promote energy efficiency investments in Ukraine and other eastern European countries. The fund was established under an initiative of the Swedish government during its presidency of the European Union (EU) in 2009. E5P complements energy efficiency loans provided by financial institutions including the European Bank for Reconstruction and Development, the European Investment Bank, KfW, NEFCO and the World Bank Group. Contributors to E5P are the EU and a group of 21 nations, including the five Nordic countries and countries which are benefiting from the fund.
