INVITATION FOR TENDER

“Capital repair of complex “School-gymnasium No. 3”, school No. 8, school No. 13, school No. 22”

This Invitation for Tender follows the General Procurement Notice for this project which was published on the NEFCO website, Procurement Notices (http://www.nefco.org/how_to_work/procurement_notices) on January 15, 2018.

The Capital Construction Department of the City Administration (hereinafter referred to as “the Employer”), intends to use part of the proceeds of a loan received from Nordic Environment Finance Corporation (NEFCO) as the Implementing Agency towards the cost of the project “Energy efficiency improvements in public buildings in the city of Ivano-Frankivsk”. The project is co-financed with E5P* fund.

The Employer now invites sealed tenders from Contractors for the following contract to be funded from part of the proceeds of the loan:

Capital repair of complex “School-gymnasium No. 3”, school No. 8, school No. 13, school No. 22, namely:

- Object 1 – **“Capital repair of complex “School-gymnasium No. 3”, 10, Hoholia str., Ivano-Frankivsk city (implementation of investment project “Energy efficiency improvements in public buildings”)**. The works include the implementation of repair of interpanel joints of facades, replacement of windows and doors, installation of local ventilation systems and restoration of ventilation systems, installation of additional boards and automatic machines for connection of ventilation and air recuperation systems, installation of power supply networks and other works.
- Object 2 – **“Capital repair of school No. 8, 9, Kolomyiska str., Ivano-Frankivsk city (implementation of investment project “Energy efficiency improvements in public buildings”)**. The works include the implementation of replacement of windows and doors, installation of local ventilation systems and restoration of ventilation systems, installation of additional boards and automatic machines for connection of ventilation and air recuperation systems, installation of power supply networks and other works.
- Object 3 – **«Capital repair of school No. 13, 65, Halytska str., Ivano-Frankivsk city (implementation of investment project “Energy efficiency improvements in public buildings”)**. The works include the implementation of replacement of windows and doors, installation of local ventilation systems and restoration of ventilation systems, installation of additional boards and automatic machines for connection of ventilation and air recuperation systems, installation of power supply networks and other works.
- Object 4 - **Capital repair of school No. 22, 24, Ioana Pavla II str., Ivano-Frankivsk city (implementation of investment project “Energy efficiency improvements in public buildings”)**. The works include the implementation of replacement of windows and doors, installation of local ventilation systems and restoration of ventilation systems, installation of additional boards and automatic machines for connection of ventilation and air recuperation systems, installation of power supply networks and other works.

Works on the capital repairs of the Objects as described above shall be implemented in parallel.

Tenders for contracts financed by loan funds of NEFCO are open to firms from any country.

The tendering procedure and the contract will be subject to NEFCO’s Procurement Guidelines, which follow internationally recognized practices applied by International Financial Institutions (IFIs). The tender is open to firms from any country, provided that the firm is not ineligible or prohibited from bidding under national or international law.

To be qualified for the award of a contract, tenderers must satisfy the following minimum criteria:

- a) the Tenderer, has the financial, technical and production capability and capacity necessary to perform the Contract, and Tenderer’s average annual revenue in the last 3 years was at least 2 times greater than price

of his tender. In case of tender submitted by JVCA, the leading partner should demonstrate at least 50% compliance with the requirement;

- b) the Tenderer (JVCA leader) has satisfactorily supplied similar goods and conducted similar works to other employers and completed at least 3 similar contracts on complex thermal modernization in the recent 5 years or 3 specialized contracts in each of the main types of works (insulation of building, heating system repair/reconstruction, repair/reconstruction of ventilation system) in the recent 5 years;
- c) the Tenderer is not bankrupt or under bankruptcy procedures according to the national legislation or regulations.

Tender documents may be obtained free of charge upon a written request of the Tenderer submitted to the Employer at the address or by e-mail (as attachment in PDF format) below. Upon receiving the written request from prospective Tenderer, the documents will be promptly dispatched electronically in PDF format, however, no liability can be accepted for their non-delivery or late delivery.

All tenders must be accompanied by a tender-securing declaration.

Tenders shall be sent to the office, the address of which is specified below before 12:00 according to the local time on August 27, 2018, to the office –№65, addressed: 6 Nezalezhnosity street, Ivano-Frankivsk. The disclosure of the tender bids shall happen at the office the address of which is specified below on August 27, 2018 at 13:00, in the office – 612, addressed: 6 Nezalezhnosity street, Ivano-Frankivsk. All Tenderers or their authorized representatives who would like to be present at the disclosure procedure are allowed to be present.

A register of potential tenderers who have received the tender documents may be inspected at the address below.

Prospective tenderers may obtain further information from, and also inspect and acquire the tender documents at, the following office:

*The Eastern Europe Energy Efficiency and Environment Partnership (E5P) is a €180 million multi-donor fund managed by the EBRD and designed to promote energy efficiency investments in Ukraine and other eastern European countries. The fund was established under an initiative of the Swedish government during its presidency of the European Union (EU) in 2009. E5P complements energy efficiency loans provided by financial institutions including the European Bank for Reconstruction and Development, the European Investment Bank, KfW, NEFCO and the World Bank Group. Contributors to E5P are the EU and the US, as well as Denmark, Estonia, Finland, Germany, Iceland, Ireland, Latvia, Lithuania, Norway, Poland, Slovak Republic, Sweden, Switzerland and Ukraine.
