

Piloting Paris Agreement Article 6.2/6.4 in the Peruvian Waste Sector

Thursday, 3 May 2018 16:45 - 18:15
Kaminzimmer, SB48, Bonn, Germany

The event will look at opportunities to utilize Articles 6.2 and 6.4 in a form of concrete conceptual pilot in the solid waste sector in Peru. The event will discuss the feasibility of 6.2/6.4, identification of activities, institutional arrangements, and the MRV (measurement, reporting and verification) including corresponding adjustments.

Programme:

Kari Hämekoski, NEFCO: Nordic co-operation in the Peruvian waste sector - from NAMAs to NDCs

Laura Secada, Ministry of the Environment (MINAM), Peru: Opportunities and challenges for utilisation of Article 6 in the waste sector, Peru

Thiago Chagas, Climate Focus: Conceptual design for an Article 6.2/6.4 pilot in the Peruvian waste sector

Axel Michaelowa, Perspectives: Key challenges to operationalising Article 6 of the Paris Agreement

Q&A

Refreshments will be served
